Lieutenant Governor Unveils Cenotaph at Breton Saturday

Lieutenant Governor Grant MacEwan above (centre) is shown with Canadian Legion Provincial President William Gordon unveiling the new cenotaph at Breton last Saturday afternoon. Warburg Legion President Mark Hooks (R) reads the inscription on the plaque.

The new cenotaph was a joint effort between the Warburg Legion Branch and the Village of Breton and was completed recently.

Legion and Auxiliary members, members of the Elks Lodge and the Breton Cadet Corps marched from the hall to the cenotaph with the Lieutenant Governor marching among the veterans. After the ceremony at the cenotaph residents of the community returned to the hall for a reception where they were able to meet Dr. MacEwan.

During the ceremony at the cenotaph brief addresses were heard from the mayor of Breton, the Lieutenant Governor, and the Canadian Legion Provincial President.

Members of the dedication party are shown below. From left to right are, Mark Hooks, President Warburg Legion Branch; Mayor Harry Staudt of Breton; William Gordon, President of Canadian Legion Provincial Command; Lt. Governor Grant MacEwan; Dr. G. Hutchinson, Past Chaplain of the Warburg Legion Branch; and Rev. Halgren.

REGIONAL SCHOOL PLEBISCITE TO BE HELD DECEMBER 4th

A second plebiscite on a proposed centralized high school for Evansburg will be held December 4th by the Edson-Stony regional high school district.

The new vote was made necessary by a legal challenge which resulted in a July 24th plebiscite on the matter being ruled void.

The new school, if approved, is expected to cost $1,350,000 including furnishings and equipment.

Voters rejected the proposal by a 50-vote margin July 24th. Two Evansburg residents, Rex Rimmer and George Beach, then challenged the vote, alleging that more than 100 people voted who were not legally entitled to. The challenge was upheld in district court in August.

A.W. Boychuk of Stony Plain, acting secretary-treasurer of the regional high school district, said polls will be open 1:30 p.m. to 7:30 p.m. throughout the district December 4th.

He pointed out that property owners must be residents within the boundaries of the district in order to vote. There are no proxy or assigned votes.

Misunderstandings over this caused much of the illegal voting in the first plebiscite, he said. In one instance a minister voted on behalf of a church - but the church had no vote.

Property owners eligible to vote must be Canadian citizens or British subjects, 19 years of age or older, with at least 12 months of residency in the district before the date of the election.

AWARDS NIGHT AT JUNIOR HIGH

Fourth annual Awards Night of the Drayton Valley Junior High School was held last Wednesday evening in the Frank Maddock High School Auditorium with a large number of parents and guests filling the auditorium for the occasion.

Special guests present were Deputy Mayor Tom Johnson, County School Committee members R. Bailey, L. Miller, I. Vowk and School Superintendent Henry Toews and Assistant Superintendent W.G. Wilson.

Principal Barry Richer performed the introductions and in a brief address expressed his pleasure with the school's academic progress and social atmosphere. He noted that in Departmental examinations last year the school had twice as many honors students as the provincial average.

A very capable valedictory address was delivered by Susan Poloway before Mr. Richer called on the guest speaker Mr. Wes Kruger, Principal of Stony Plain Memorial High School.

Mr. Kruger offered encouragement to those who failed to receive awards as well as extending his congratulations to the winners.

He urged students to seek inspiration from famous men of history and to work toward greater accomplishments. Parents and teachers, he said, are interested in having every pupil do his level best and are satisfied when this is achieved.

The country, he said, needs people willing to aim high and approach the future with enthusiasm.

About 70 awards were presented during the evening with Mr. Roger Murray acting as co-chairman for the awards ceremony.

Teachers took part in presenting awards as did Deputy Mayor Tom Johnson. Ladies of the Royal Purple presented books to most improvement winners and Mrs. I. Oscar presented a book to Lynn Hurley on behalf of the Womens' Institute for home economics achievements.

Winners of the various awards are as follows:

Eleven extra policemen were employed during the evening and were able to keep the town well patrolled.

Rebels Defeat N.A.I.T. in Opener

Ken Machan after many years as a defenceman with the Rebels took over as coach and successfully lead his charges to a win on Hallowe'en night. Drayton Valley fans were able to see some new Rebel players and were also able to welcome Doug Hall back to their ranks. The other new players trying out for the Rebels are K. Mayan on defence, T. McGowan forward, L. Foster goal,, D. Zarowny defence and C. Elliot also forward.

Doug Hall led the Rebels with 2 goals and 2 assists. Barry Ness who is always an exciting player to watch also netted 2 goals and earned an assist. The other scorers were Keith Mundle who scored D.V.'s first goal while they were short handed, Al Hopfe, Ron Hemmingway and Frank Novasel. The NAIT scorers were B. Balsille with 2, B. Ulman 2 goals and singles by J. Balsille, and E. Muchkowski.

The game was an evenly matched contest spiced with some stiff body checks. The smaller NAIT team started to take some knocks early in the game but then caught a few of the Rebels with their heads down and let them know they were around.

A total of 23 penalties were handed out but it was not considered a rough game. Eleven minor penalties were handed out to DV and 12 to NAIT.

The game's 3 stars were Barry Ness, B. Balsille of NAIT and Doug Hall.

Emile Lambert and Terry Jevne were lucky door prize winners and had a chance to shoot a puck from centre ice to an open portion in the middle of the net. Both shot wide and settled for a consolation prize of 2 complimentary tickets each to a Rebels home game.

The next Rebel home game is another exhibition game against the Rocky Mountain House Rams who are reputed to be a fine team. This is the team that eliminated Ray's Esso from provincial playdowns in the next round after Ray's knocked out the Rebels last spring. It should be a good game to watch and game time is Saturday, November 8th at 8:30 p.m.

ANOTHER ALBERTA JUNIOR CITIZEN AWARD WINNER

DENNIS HAIGHT

Dennis, aged 16, is seen receiving his Junior Citizen Award from Lieutenant Governor Grant MacEwan.

Dennis received the Award for his exceptional courage in the face of great adversity. A normal active boy, Dennis suffered an accident last year which left him paralyzed from the chest down. Despite his serious handicap, he is continuing his education with plans to attend university. He also operates a car. The cheerful, independent and proud spirit with which he accepts his burden is an inspiration to his family and everyone he comes in contact with.

We congratulate Dennis Haight and thank Alberta's Weekly Newspaper Editors for their active participation in the Alberta Junior Citizen of the Year program, sponsored by Alberta's investor-owned electric utility companies.

Our special thanks to the Western Review and to Dennis' nominator, Mrs. D. E. Laughlin.

SUB-MITS
FROM THE ELEMENTARY SCHOOL

This is the second year that the teacher aide program has been in operation in our school. It is still operating on an experimental basis. Without giving you the history of it or the reasons behind it, I would like to list some of the duties of the aides. The list is long and extensive, and not in order of importance.

1. Listening to slower pulils read.
2. Playing piano for music.
3. drilling individual children in something they are weak in.
4. Helping with science experiments.
5. Supervision of halls, lunch rooms and playground.
6. Marking tests with a key provided.
7. Checking scribblers, workbooks, other assignments, etc.
8. Checking on children who are in "sick" room.
9. Accompanying a teacher on field trips.
10. Making stencils of maps, diagrams, exercises, and running off necessary copies.
11. Helping during art lessons, where painting or construction work is in progress.
12. Supervising small study groups.

And so the list goes on. I asked one of the aides last year, after she had been here for a couple of months, what type of work she did most often. She replied, "I don't know, I haven't done the same thing twice yet."

* * * *

Of interest to budding scientists is the information of a Science Club in the school. Here is a report of it written by the President, Norman Ingram.

The Grade 5 Space Club

Recently the children of the Drayton Valley Elementary School organized a Space Club under the direction of Mr. Baker. The club is purely voluntary and no one is under any obligation to join. The election of officers was held and they are as follows: President, Norman Ingram; Vice-President, Dwayne Whelen; Secretary, Lenora Marflett; and Treasurer, Toni Schmidt.

In the next Science periods for the other three rooms, Mr. Baker asked them if they wanted a Space Club. They readily agreed to have one.

At our next class meeting we voted as to whether or not the other rooms should join up with our room. They did join up.

The other rooms had to have leaders, so two were picked from each room to act as leaders and ambassadors to the executive meetings which are held every Thursday at noon.

Finally, we came to the objective of the club. The objectives are: To study the United States and Russian space programs; the development of rockets and future goals in space.

The club should prove worthwhile in teaching many Grade 5 children about space.

Sincerely,
Olga Brown.

"GOOD BUSINESS"
TIPS FROM THE EDMONTON BETTER BUSINESS BUREAU

Realize the value of your signature -- don't give it away.

Read everything before you sign and keep a copy.

Evaluate advertising -- learn to recognize bait, phoney comparatives and contests.

Be suspicious of the word "survey" and check credentials carefully. Be doubly careful on the telephone.

Look every gift horse in the mouth -- it probably has teeth, and may bite!

Have nothing to do with propositions based on referral or pyramid selling.

Treat the "now or never" boys and the "you have been selected" types rough, really rough!

Deal locally with reputable, responsible dealers -- know your merchant. Will he be around to honor your guarantees?

If you don't know your merchants be sure you know your merchandise. Name brands are partial protection.

Don't buy on price alone -- don't be "a sucker for a bargain" -- shop and compare.

Remember "guarantee" is just a word. By itself it means little or nothing. It's the name that stands behind the word that counts.

Use the Better Business Bureau and use it properly -- before hand. It is a preventative agency, not an adjustment bureau.

LETTERS TO THE EDITOR

The Editor
The Western Review,
Drayton Valley, Alberta

Dear Sir:

We had fully intended to write a personal note of thanks to all those concerned with organizing our farewell banquet last week, and who helped to provide the beautiful gifts we received, but on reading the long list of names we found this wouldn't be possible because of unknown addresses, people whose names were not down but who made a great contribution to the success of the evening (eg. the choirs) and one or two names we couldn't read - etc. So we decided to write this letter instead.

Our sincere thanks to the Drayton Valley Chamber of Commerce for the pen stand and flowers and to our many friends in the community and district for the terrific movie camera which will enable us to make some kind of record of our planned work in Kagando, Uganda which we hope to be able to share with you on our return. Meanwhile, we'll keep in touch from time to time as we have the opportunity.

Yours Very Sincerely,
Hugh and Muriel Maclure.

Editor,
The Western Review,
Drayton Valley, Alberta

Dear Sir:

I cannot speak for everyone about October 31st, the night of nights, but I hope many felt like I did. Being a Friday night and most commonly referred to as "the late night" I truly was mortified to think of what events could take place.

However, the witches, the goblins, the cowboys, the Mexicans and whatever else you may wish to call "it" commenced to call at approximately 5 p.m. and of course my heart beat raced simultaneously. By 8:30 the parade of charades was over, all was quiet and I could relax. As I sat I thought "oh, what a tremendous group of children - they were polite and funny and even took time out to chat".

To all Hallowe'eners and Hallow - teeners, I hope you enjoyed calling as much as we enjoyed "shelling". To the parents of these children, "hold your heads high" they were not pranksters or mischievous hellions, but really nice children.

Can these children say the same about you? How many went out and left their place in darkness to avoid greeting these youngsters having fun or how many just sat in darkness and ignored the doorbell.

signed
A Pleased Sheller.

A.G.T. Completes Cable Program

Alberta Government Telephones has completed the 1969 portion of its $80 million rural buried cable program. By the end of 1973 , the program will have brought four-party divided-ring service to almost all of the rural subscribers throughout the province.

To date, AGT has invested $42.3 million in the program. Approximately 34,700 miles of cable and wire have been buried and facilities have been installed to provide 34,000 farms with service.

Buried cable results in more dependable customer service, lower maintenance costs, and the elimination of unsightly pole lines.

A Natural Gas Service Reminder from Northwestern Utilities, Limited

Give Your Heating System a Safety Check-up

Normally, your natural gas appliances and heating system operate with little care or maintenance. However, an annual check-up will ensure full efficient operation and complete comfort. To help you inspect your heating system, use this handy guide.

CHECK YOUR CHIMNEY:

Loose mortar, soot, and other debris may accumulate at the base of the chimney obstructing free passage of the products of combustion. Watch that ice and snow on top of the chimney do not cause blockage.

RANGES SHOULD NOT BE USED TO HEAT A ROOM:

Do not use your kitchen range to heat a room. Use a proper heater designed for the purpose.

CHECK ALL VENT PIPES:

Examine all appliance vent pipes. A dislodged vent may block the end of the pipe, or permit exhaust to enter the room.

BE ALERT TO DANGER SIGNALS:

Smarting of the eyes, nose irritation and unpleasant odors are indications of fumes in your home.

FRESH AIR SOURCE:

Be sure there is a source of fresh air in your home. Do not keep your house "air-tight". Your gas appliances, like you, need air.

P.S. Note re furnace filters!

Now's the time to check filters on your natural gas furnace. Filters that are clogged with dust and dirt cause heat loss, and can cause damage to your furnace. Furnace filters should be replaced or cleaned at least twice a year.

BUY ALBERTA PRODUCTS - It seems ironical that we must sell Alberta to Albertans but that is what the situation looks like.

Earlier in the fall I attended the Department of Agriculture Annual Conference in Olds. Several of the speakers made mention of the fact that we should be promoting Alberta's Agricultural Products - makes sense doesn't it? How can we expect to sell our agricultural products to other people if we don't buy them ourselves!

BRAND NAMES

Do we shy away from them because the brand name isn't well known? RAPESEED OIL, an Alberta product is sold as: "Burns Vegetable Oil", Burns Food Ltd.; "West Oil", Western Canada Seed Processors Ltd.; "Capri Oil", Canada Packers Ltd.; "Colza Oil", Western Vinegars.

SAVE MONEY -- Rapeseed oils sell for half the price of other corn and vegetable oils. That's half the price! Testing done by the University of Manitoba showed that it compared favorably with other cooking oils. It can be heated to high temperatures before it smokes and breaks down. This means that for deep fat frying the food cooks faster and is better tasting (less fat absorbed). For use in baking goods, it is excellent.

DECEPTION -- Some label names are deceptive. They give the impression of an Alberta product, but if you read on, they're merely packed for an Alberta company. Check to make sure.

On that next trip to the grocery store, look for Alberta products - rapeseed oil, potatoes and honey to name only a few. Let's promote Alberta!

For tested recipes using Alberta products contact our office for "Ways With Honey", "Cooking With Rapeseed Oil", and "Potatoes".

Volleyball Teams Play In Weekend Tournament

Dividing the team strength may not have improved the chances of bringing home tournament trophies last weekend, but it did increase the amount of participation by student volleyballers and it certainly proved to be a better experience for all those involved.

At the Thorsby tournament both Warriors and Warriorettes placed second to Thorsby after defeating Breton, Warburg and Winfield teams.

The Ardrossan Bisons put together excellent ball handling and spiking throughout their tournament to win the honors in the boys section Saturday in Ardrossan. Fort Saskatchewan proved to have the best balanced girls team. The Warriors after falling asleep for the match against Fort Saskatchewan, ended the day with a two win and two loss record. The Warriorettes who have been improving continuously since the beginning of the year showed ability and courage in all their matches. Many games that they lost were very close and could have ended in wins with a little luck. Their record for the day was one win and three losses.

On Wednesday, October 29th, at Warburg, the Warriors and Warriorettes won both matches without any difficulty.

This week will find teams from Thorsby and Edson visiting Frank Maddock High School and on Saturday the players will travel to Stony Plain for the Regional Finals. The winning teams will advance to Zone Play-offs in Athabasca the following Saturday.

Have you ever considered...

...what happens to an apparently heirless estate?

First, the heirs that are not apparent, but who do exist are located by the Alberta Department of the Attorney General. The department's Public Trustee Office begins an immediate search for relatives living outside the province, and an estate officer is appointed to keep everything in order until money matters can be properly settled. Public trustee administrators are also called upon to look after the affairs of hospital patients suffering from mental illness, and directing businesses and handling assets for dependents of missing persons.

Assistance in the form of property care is also provided, under court appointment, for elderly men and women in nursing homes. The Public Trustee Office also acts as guardian for minors, administering inheritance or trust funds where no other provision has been made.

...what protection you have against 'shocking' accidents?

You have all the safeguards set up by the Alberta Department of Labour. To help save you from the risk of electrical accidents the Electrical Protection Branch examines, tests, rejects or approves any new electrical product offered for sale in the province. It also has final authority to enforce safety standards for your protection. Over forty provincial inspectors, working with municipal authorities, are kept busy investigating and preventing accidents. They also carry out a co-ordinated program of certification of electrical workers, approval of equipment and interior work, inside and outside wiring and line construction.

To give proper direction and interpretation of the electrical code and to promote all aspects of electrical safety in the province, the Electrical Protection Branch sends out over 4,000 copies of a regular news bulletin to the electrical trades and contracting industries. Skilled experts from the Branch are always ready to conduct seminars or to give illustrated presentations to provide you with the facts you need for electrical safety.

...forming a corporation through co-operation?

A little friendly co-operation is all it takes for you and a group of associates to set up a chartered co-operative, with rights similar to a limited company. You can go into business, buy or sell goods and services, arrange financing and borrow money. Advice and assistance in establishing a co-operative is provided by the Alberta Department of Industry and Tourism. Representatives from the Co-operatives Branch are always available to assist you in completing your initial application, arranging documentation and writing the necessary by-laws for any co-operative undertaking. Some people in co-operatives provide their own natural gas or electric service . . . purchase propane, farm equipment, power machinery. Other co-ops are in such diversified fields as logging, housing, farming, fishing, owning retail stores and marketing their products for a more profitable and cost-saving operation. For the protection of all members and patrons, the Branch carries out a continuous program of supervision of all Co-operative activities.

...learning how to preserve teeth?

The teeth you want most to preserve belong to you and your children, and you can learn the proper steps to be taken at one of the day-long seminars arranged by the Dental Health Services branch of the Alberta Department of Health. Trained and experienced lecturers will show you new developments in prevention that could save you an unnecessary strain on the family budget. The seminars are just one of the steps taken by the Dental Health Services Branch in its constant fight against dental problems and harmful orthodontic conditions in children. It also carries out a regular preventive educational program through a province-wide network of facilities. Beside the recruitment of needed dental personnel for health units, the Branch supplies bursaries and grants to encourage training in dental technologies, and provides modern, transportable equipment for practicing dentists to serve rural areas where other treatment services are not available.

...what you can learn from a 'living' map?

You can actually see the changes in the history and development of our province by comparing the hundreds of colorful maps prepared for the Atlas of Alberta by the Maps and Aerial Photography Branch of the Alberta Department of Lands and Forests in co-operation with the University of Alberta. The first edition of this unique and detailed documentation in map form contains over 170 pages and will be available for general distribution early in 1970. In addition to preparing and maintaining all provincial reference material this Branch provides almost a quarter of a million individual maps, plans and aerial photographs requested by the public in a year.

...contributing to Alberta's school curriculum?

Any suggestions you have about what subjects or courses you think will give today's students a better education will be considered by the Division of Instruction of the Alberta Department of Education. To help channel your ideas into effective improvements, members of a special advisory committee meet regularly throughout the year to review school curricula and make recommendations to the instruction division. They study all letters and submissions from anyone in the province concerned with regular school teaching programs and activities.

He enjoys boating and fishing, playing the piano and woodwork.

Lion Erven and his wife, Dorothy have three children, Darlene, Dale and Sharon.

RAMONA NEWS

Marion Kmyta and Phyllis Kelly took the course to make Christmas decorations. They will now start giving the rest of us lessons on Friday, November 14th at 8:00 p.m. The fee for these lessons is $2.50. For further information or if you would like to take these lessons phone Phyllis at 542-2226. Anyone can take these lessons, you don't have to live in the community.

The Ramona Girl Guides are holding a variety sale (this is a bazaar, bake sale, rummage sale, etc. all in one) on Wednesday, November 12th from 3 - 5 p.m. Lunch will be served for a silver collection. The girls have been selling tickets on a turkey donated by their club leader, Dorothy Blake. Now they have a Christmas cake too. So if you have bought tickets on the turkey you have a chance on the cake too. The draw takes place on November 12th at the variety sale. Tickets are 10¢ each or 3 for 25¢.

The Lloyd Putnam family motored to Red Water, Bon Accord and Edmonton for the weekend. A friend of Sharon's grandmother makes cute little tea cozys and Sharon picked them up Sunday evening and delivered them at the Cadet Bingo Monday. Now she has some more orders.

Bud Sullivan woke up Saturday morning to find he had a couple of Appaloosas in his Arab horses. Some ghosts or goblins were quite handy with a paint brush Friday night. We don't know whether they think Bud should go into Appaloosas or the Appaloosa would look better with some Arab in them.

We would like to remind you that because the second Tuesday falls on Remembrance Day, we are going to hold our monthly bingo on Tuesday, November 18th. Jackpot is $120.00.

Happy birthday this week to Jerry Kos November 6th, Allen Stewart November 9th, Cheryl Kos November 10th and Ramona Rasmussen November 12th. We wish you all a very happy day.

Datsun 1600 gives you a powerful good feeling

If you only drive the Datsun 1600 around town, you may never find out what you've got.

Sure, it's a great city car. Compact. Handy. It zips through traffic, parks in impossible slots and squeezes up to 35 miles from a gallon of gas. But that's not all it is. Not by a country mile.

Find yourself a country mile and see.

There's a high-performance 1600 cc overhead cam engine lurking under the hood. 96 hp. 100 mph. Let it loose, and feel the way the Datsun snugs down to the road as you go through the box. And feel the way it hangs on as you snake through the bends. Drive it fast and just feel good.

Then take a look at the package all this goodness comes in.

Two doors, four doors, or a wagon, 4-on-the-floor or 3-speed automatic transmission. Contoured bucket seats, all independent suspension, collapsible steering column, flow-through ventilation, heater, defroster, headrests, harnesses, the works. No other economy car is as safe, powerful and comfortable as the Datsun 1600.

When you've wrung out the Datsun 1600, take it back to the dealer and have him quote you the price just one more time.

That will give you a pretty good feeling, too.

Test-drive a Datsun at any of the 200 dealers in Canada.

Weekly Livestock Report

The Edmonton weekly livestock report for the week ending October 30, 1969 provided by the Livestock Division, Canada Department of Agriculture.

SALES	CATTLE & CALVES	CATTLE	CALVES	HOGS	SHEEP
This week est.	16,700	8500	8200	3600	1900
Last week	12,218	6694	5524	2315	713
Same week 1968	7,664	4345	3319	991	133

SUMMARY

An all time record for receipts of cattle plus calves was established this week with 18,300 head. Approximately 1600 head of this total were through-billed to other centres. This week's sales were about evenly divided between cattle and calves at a breaking weight of 550 lbs. Animals weighing 550 and up are recorded as cattle. Trade was slow on slaughter cattle. Butcher steers were 50 - 75 lower, butcher heifers 25 lower, and butcher cows 2.00 to 2.50 lower. Bulls 1.00 lower. The bulk of sales were replacement classes. Good light feeders were 50 off while plainer and heavier feeders were 1.00 lower for both steers and heifers.

Slaughter Cattle & Calves -- Slaughter steers of top quality were generally scarce throughout the week. Opening pressure was in evidence as the week got under way with most sales 25 - 50 lower. A few top quality handyweights sold to 26.60 at mid week but in closing trade 26.00 was the top quotation. Butcher heifer prices also suffered some loss with the heavier overfinished grades discounted considerably. Choice handyweights sold to 25.50 throughout the week. With all outlets filled for butcher cows, prices worked progressively lower as the week advanced with all grades selling 2.00 to 2.50 lower than the previous week. Good cows sold unevenly in closing trade with the bulk of sales ranging from 18 to 18.50 with only the odd sale to 19.00. Bulls were a full 1.00 lower. Veal calves continued scarce at unchanged prices. Butcher calves steady.

Replacement Cattle & Calves- Although replacement offerings were sharply higher, prices were holding up well on better quality lighter feeders, plainer quality feeders were more plentiful this week at lower prices. Good stock steer calves were about 1.00 lower with plainer kinds 2.00 lower. Good stock heifer calves were in good demand at about steady prices with the plainer end down 1.00.

Shipments -- Last week's shipments off the Edmonton Yards - East 1930 feeders and 300 for slaughter. West 610 for slaughter to Southern Alberta 1000 feeders.

Wins Television Set

Mr. Ernie Stables of Rex's Radio and TV is shown above presenting Mrs. Ruby Moltzan with the Electrohome 20-inch portable TV she won in a recent nation-wide contest. Mrs. Moltzan entered her name in the contest in September while visiting the Electrohome display caravan when it was located at Westmount Shoppers Park in Edmonton.

LUTHERAN FALL RALLY SUNDAY

Over 100 Lutheran ladies from points throughout northern and central Alberta will converge on Emmaus Lutheran Church in Drayton Valley on Sunday, November 9th for the fall rally of the Lutheran Womens' Missionary League, Central Zone.

Although the majority of the participants will be from the Edmonton area, others are expected from as far west as Edson, north as Barrhead, east from Vegreville, and south from Red Deer.

The Emmaus Lutheran Women's Missionary Society will serve as the host group. Mrs. Rachel Anderson, retiring president, will lead the opening devotion, using the rally theme, "The Great Command". Newly elected as local president is Mrs. Naomi Schneider.

The Rev. Valentine Hennig, recently returned from a ten year ministry in Harlow, England, will be the featured speaker of the afternoon. The title of his lecture and slide demonstration is "From Dover to The Hebrides". He will discuss the work and ministry of the Evangelical Lutheran Church of England and particularly the work in his previous congregation.

The LWML is a woman's organization affiliated with the Lutheran Church - Missouri Synod. Its sole purpose is mission education, inspiration and service. The only source of revenue is through "mite boxes" in which each member contributes a daily "mite" to support the mission projects. The League has nearly 6,000 societies and over 200,000 members in the United States and Canada. Some of the present projects of the organization include scholarships for ministerial students in India, Brazil, and the Philippines; material aid for Biafra; support of a school in Argentina; a ministry among North American Indians; production of Braille materials for the blind; and other projects related to mission causes throughout the world.

BOWLING RESULTS

The past couple of weeks have seen some very good bowling. One of our Junior Y.B.A. members, Deena Davis bowled a "370". Deena is a very dedicated young bowler and we should be hearing more about her in the future.

Billy Rose, another of our "young bowlers" rolled a "403" to take the Bowler of the Week" honor, and "Pins over Average" award. This game is high for the season so far and has set a mark for our many fine bowlers to aim for. Mention should also be made to the high triple for the season, an "877" rolled by Gordon McManus, this will take some good bowling to top.

There were many 300 games bowled also, too numerous to mention individually, but hearty congratulations to all of them.

Mr. Frank Neil has been transfered to the Royal Bank in Stettler. Mr. and Mrs. Neil have made a very great contribution to the life of our community and will be missed.

Sympathy is extended to Mr. Rene Coutu whose brother passed away recently. Mr. Emilie Coutu has been seriously injured in a car accident some time ago.

Sorry to hear that Rev. Gordon Ingram is ill. Best wishes for an early and complete recovery Mr. Ingram.

Patrons of the Municipal Library are asked to note that the library will be closed November 11th, Remembrance Day.

The Edmonton Journal of October 28th carried a picture of Asmara, of the Spanish restaurant - discotheque El Bodegon, displaying her charms for the benefit of city aldermen. We were informed that aldermen visited the discotheque to review Asmara's dance, with an eye to obtaining her for a performance at the Alberta Urban Municipalities Association convention Thursday. If such exciting entertainment can be promised for conventions we predict there will be no shortage of gentlemen willing to let their names stand for election to council seats in future.

Pointing toward a deer at the zoo, teacher asked Johnny to name the animal: but when he didn't know, she asked: "What does your mama call your daddy?

"You mean," shrieked the boy, "that's a lummox?"

A staid gentleman was upset at the dress of some young people on the street. "Just look at that one," he barked to a bystander, "Is it a boy or girl?"

"It's a girl. She's my daughter".

"Oh forgive me, madame," apologized the gentleman, "I didn't know you were her mother"

"I'm not," snapped by bystander, "I'm her father."

COACHES CLINIC

Last weekend belonged to the referees; this coming weekend is the coaches' turn. The Recreation Branch of the Department of Youth of the Provincial Government and the Alberta Amateur Hockey Association will hold a Hockey Officials Clinic - Level III at the Centennial Civic Centre on Saturday and Sunday, November 8th and 9th. Registration time and date will be Saturday at 9:30 a.m. The clinic will get under way at 10:00 a.m. and will run through till 5:00 p.m. Sunday's schedule will be along the same lines. The registration fee will be $1.00 per candidate. Candidates will be responsible for their own board and room, travel expenses and lecture supplies. Registration forms are available at the Drayton Valley Recreation Office. All interested persons in Drayton Valley and surrounding area should make an effort to attend this clinic. This will be the final clinic and the only one of its type held in Drayton Valley this season.

Special Chamber Meeting

Emergency meeting of Drayton Valley and District Chamber of Commerce on Thursday, November 6th at 7:00 a.m. in Cardium Room. This is an important meeting -- all members should attend.

The office boy was brought to trial by his employers on charges of stealing postage stamps. Thanks to a clever lawyer who made a brilliant defence plea, the young man was exonerated.

After the trial he rushed over to his lawyer, pumped his hand furiously and said, "You were great! How can I ever repay you?

"Just pay my fee, that's all," said the lawyer, "I get $1,000 - but there's no rush if you're a little pressed."

"Well said the office boy, "I can't pay you in cash - but will you accept stamps?"

To Assess Weather Effects

Alberta's Agriculture Minister Henry Ruste has announced that he has appointed a committee of department of agriculture officials to assess the effects of bad weather on farm income in Northern Alberta.

In making the announcement Mr. Ruste said "we recognize the current serious cash shortage, but its extent and the most practical method of overcoming the problem are our greatest concern."

The special committee will be holding discussions with regional department of agriculture staff, lending institutions, municipal governments and others. Mr. Ruste has instructed the committee to bring him suggestions for government consideration at an early date.

The agriculture minister also reports the government is considering suggestions presented by members of the Legislative Assembly and by the Farmers' Union of Alberta.

We know what happened to the kids who used to steal garden gates on Halloween. They grew up to become airplane hijackers.
